**SERVING OVER 26
COUNTRIES WORLDWIDE**

**100+ YEARS OF
EXPERIENCE.**

**300 MEMBERS OF
DEVELOPMENT COMMUNITY.**

With over 100 years in the adhesive tape industry, and a strong presence in several countries around the world, Cellux® has arrived to the United States to offer excellent quality adhesive tapes at the most competitive prices.

We understand our customer needs. When we talk about adhesive tape, we talk about effectiveness, and efficiency when solving a necessity. We seek to reach each person by offering just what they need, in the most accessible way.

Optimize your operation with Cellux® and find any tape solution with our high-quality line of products. From packaging and masking tapes, to refrigeration tapes and more.

CONTENTS

MASKING SOLUTIONS

- Stationery masking tape
- General purpose masking tape
- Yellow general masking tape
- Contractor grade masking tape
- Blue painters masking tape
- Yellow body shop masking tape
- High performance painting masking tape
- Orange weatherproof masking tape
- Waterproof superior masking tape
- Superior fine lines masking tape (Washi Tape)

PACKAGING SOLUTIONS

- General purpose
- Medium grade
- Heavy grade
- Heavy duty packaging tape
- Production grade packaging tape

SURFACE PROTECTION SOLUTIONS

- Red Stucco Tape
- Blue Protection Film – Windows Guard

SPECIALTY PACKAGING SOLUTIONS

- Gummed Packaging Tape
- Reinforced Gummed Tape

REFRIGERATION SOLUTIONS

- Foil tape
- Utility grade duct tape
- Premium grade duct tape
- Reinforced foil tape

FOAM TAPES

- Double Sided Neoprene Tape
- Double Sided Polyethylene Tape

ELECTRICAL SOLUTIONS

- Industrial Electrical Tape

When you think of adhesive tapes, think of Cellux® US LLC.

GENERAL
PURPOSE
MASKING TAPE

C-564

Our **General Purpose Masking Tape C-564**, a versatile and essential tool for a wide range of applications. With its strong adhesive and easy application, this masking tape is perfect for creating clean lines and securing surfaces during painting, crafting, or general repairs. The tape adheres firmly, ensuring a dependable hold, yet can be easily removed without leaving behind any residue. Whether you're a DIY enthusiast or a professional, our General Purpose Masking Tape is the go-to solution for all your masking needs.

- Entry-level application.
- Excellent adhesión.
- Easy to remove.
- Temporary protection.

YELLOW
GENERAL
MASKING TAPE

C-565

Introducing our **Yellow General Masking Tape C-565**, perfect for a variety of tasks. With its high visibility yellow color and strong adhesive, it's ideal for marking edges and protecting surfaces, even in hard-to-reach areas. Its flexibility makes it easy to create shapes, simplifying the painting process. Thanks to its clean removal it makes this tape the perfect ally for indoor tasks.

- It is flexible.
- High visibility.
- Cleaner paint lines.
- Easy cutting.
- 5-day indoor clean removal.

YELLOW
BODY SHOP
MASKING TAPE
C-584

Our **Body Shop Masking Tape C-584**, is crafted from semi-crepe paper saturated in a vibrant yellow hue. This tape boasts high-performance qualities perfect for construction, automotive, and marine applications. With its natural rubber adhesive, it ensures superior adhesion and visibility, making it ideal for precise work. Resilient against high temperatures up to 230°F for 30 minutes, it adapts seamlessly to irregular surfaces and works flawlessly with masking paper and protective film, adhering to itself effortlessly. Plus, its UV resistance guarantees a residue-free removal for up to 7 days in outdoor settings.

- Smooth to the touch.
- Indoor and outdoor use.
- Tear and solvent-resistant.
- Excellent paint anchorage.
- High performance and visibility.
- Performing in overlapping the tape.

**ORANGE
WEATHERPROOF**
MASKING TAPE

C-586O

Orange Weatherproof Masking Tape C-586O, is a professional-grade solution for body shop masking needs. Crafted with a semi crepe paper backing and a solvent-borne rubber resin adhesive, this tape offers exceptional resistance to moisture, water, and solvent-based paints. Specifically engineered for specialized applications, our C-586O weatherproof masking tape ensures precise masking during spray painting processes, withstanding high temperatures without paint seepage. Its adhesive guarantees residue-free removal.

- ✓ Auto-detailing.
- ✓ Overlapping tape.
- ✓ Marine painting projects.
- ✓ High-temperature applications.
- ✓ Challenging surfaces (gelcoats, fiberglass, metal and plastic).

WEATHERPROOF
SUPERIOR
MASKING TAPE

Our **Superior Weatherproof Masking Tape C-588**, is a robust solution designed for the demanding environments of the maritime industry. This tape provides exceptional adhesion and durability, ensuring secure masking during ship maintenance, painting, and repair tasks. The high-visibility orange color enhances safety protocols, making it a reliable choice for precise and effective masking in maritime operations. Trust in our Marine Masking Tape to withstand the challenges of saltwater exposure and harsh sea conditions, delivering professional results for all your marine projects.

- Weatherproof + UV resistant.
- High visibility.
- Resistance of saltwater exposure.
- 10-day outdoor clean removal.
- Resistance: 248°F x 30min.

PACKAGING SOLUTIONS

The **General Purpose Packing Tape C-700**, supports up to 44 lb in weight and is the ideal ally for packing jobs at home, office, school, or any industry. Thanks to its BOPP support, it is tear resistance and its adhesive guarantees a long useful life during storage. This tape can be used as an advertising element by printing on it with up to 3 inks.

The **Medium-Grade Packaging Tape C-715**, is the ideal for the packaging industry where greater resistance is required, it holds up to 66 lb in weight. Thanks to its BOPP support, it is tear resistance and its adhesive guarantees a long useful life during storage. This tape can be used as an advertising element by printing on it with up to 3 inks.

The **Heavy-Grade Packaging Tape C-720**, is the ideal ally for the packaging industry where greater resistance is required, carrying up to 66 lb of weight. Thanks to its BOPP support, it provides tear resistance and its adhesive guarantees a long useful life during storage.

HEAVY
DUTY
PACKAGING TAPE

C-725 / C-726

The **Heavy-Duty Packaging Tape C-725/726**, is ideal for packaging requiring superior performance. Its properties make this a highly weight-resistant tape designed for heavy-duty carton sealing applications. Its highly aggressive adhesive provides the necessary safety and support for the most demanding packaging work.

- Superior strength
- High durability making it suitable for demanding applications.
- Resistent to UV and moisture.

GRADE

PACKAGING TAPE

HOT MELT C-730

Our **Production Grade - Hot Melt C-730**, is a packaging tape perfect for both manual and automated applications in medium-weight cartons within typical manufacturing and shipping environments. Featuring instant, permanent bonding to diverse substrates and surfaces, our tape boasts a special release coating for smooth, low-force unwinding. With excellent performance, it optimizes production efficiency while minimizing tape waste.

- ♥ Instant and permanent adhesion.
- ♥ Manual and automated industrial sealing.
- ♥ Excellent performance on recycled corrugate.

SURFACE PROTECTION SOLUTIONS

RED

STUCCO

TAPE

C-340

The **Red Stucco Tape C-340** is an essential tool for construction projects such as installing cement, masonry, and insulation. When working on these tasks, having a high-quality stucco tape makes a big difference in effectiveness and efficiency. Our red stucco tape is ideal for construction workers to complete their projects.

- Superior strength
- High durability making it suitable for demanding applications.
- Resistent to UV and moisture.

REFRIGERATION SOLUTIONS

FOIL
TAPE

C-384

The **Aluminum Foil Tape Cellux C-384** is a high-quality adhesive tape designed for HVAC applications and general purpose use. Made from sturdy aluminum foil material, this tape is perfect for sealing ducts, vents, and pipes, as well as for insulation and other general sealing purposes. Its heat-resistant properties make it ideal for use in hot and cold environments, and its strong adhesive ensures a secure and long-lasting hold. Aluminum Foil Tape is the perfect solution for HVAC professionals, contractors, and people like you who need a reliable and durable tape for all their sealing and insulation needs.

- Dead soft aluminum foil
- Highly conformable
- Aggressive acrylic PS adhesive
- Good Moisture Resistance
- Waterproof Backing
- Resists extreme fluctuations in temperature after application
- Reflects and dissipates heat.

UTILITY
GRADE
DUCT TAPE

C-385

Our **Utility Grade Duct Tape C-385** is meticulously engineered from polyester (PET) cloth and polyethylene (PE) film, complemented by an aggressive pressure-sensitive natural rubber adhesive. Its robust construction makes it ideal for demanding applications, providing dependable adhesion and strength. Plus, its flexibility allows it to conform seamlessly to irregular surfaces, ensuring a secure bond even on challenging substrates. Whether you're working on repairs, crafting projects, or industrial applications, trust our duct tape to deliver unmatched performance and durability.

- Adhesive strength.
- Weather resistance.
- Flexibility and durability.
- Wet applications.
- Temporary sealing in high-tension conditions.

PREMIUM
DUCT TAPE

C-386

Our **Premium Duct Tape**, is a Polyethylene (PE) coated cloth tape, engineered with an aggressive pressure-sensitive natural rubber adhesive for superior adhesion to diverse surfaces across a wide range of temperature conditions. Designed to meet the demands of challenging applications, this tape offers reliable performance and durability. Specifically crafted for HVAC applications, it is predominantly employed for demanding repairs and is equally effective on irregular surfaces in construction and automotive projects.

- Grease resistance.
- Wide range of temperature.
- Easily conforms to irregular surfaces.
- Aggressive and waterproof adhesive.
